

the open air story

Born from humble beginnings, Open Air began through the desire of married locals Joe and Libby to create and serve healthy, fresh takeaway food and picnic hampers using local, seasonal produce. Over the past year, Open Air has grown into a family of many, from our incredible staff to our amazing customers who have become family. We are proud as a team to now offer dine-in breakfast and lunch menus, takeaway food, catering, custom raw cakes and freshly prepared picnic hampers.

Thankyou for supporting us on our journey!

our philosophies

Its pretty simple. We love good food, amazing coffee, not taking life too seriously, having a good yarn with our incredible customers, supporting locals and knowing the story behind our produce. We are proud to source our ingredients from local suppliers and farmers, including the following:

Mario's Deli

Local Bonville farmers
